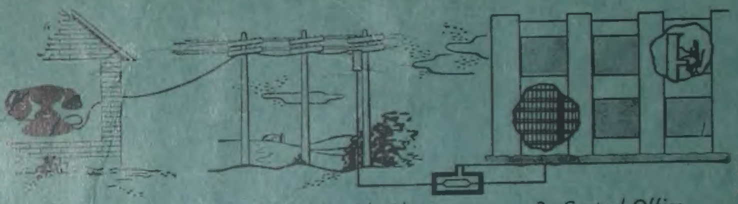
NEEDED — *More than a telephone* To give you service



IT TAKES ALL THREE

1. Telephone instruments.
2. Wires or cable from the instruments to the telephone central office.
3. Switchboards and other equipment in the telephone central office.

Where there's a shortage of any one of these three, new service can be

MORE LONG DISTANCE CALLS ARE MADE NOW T

The United States is smaller because of Long Distance. Today you are as close by telephone to residents of San Francisco as you are to people in neighboring towns. More long distance calls are being made now, however, than ever before. So, when all facilities are in use, some must wait. We are now manufacturing and installing additional equipment

service and raise them even higher.

At Your Service

Your telephone account is handled by a young lady in our business office, called a Service Representative, whose job is to make sure your telephone service is satisfactory at all times. Whether you're moving your telephone to a new location, or have a question about your bill, or about your telephone service, she'll be glad to help you. If you're moving or discontinuing service, please let us know as far as possible in advance. Just call or dial 9981, (Dyer subscribers Dial "0" (Operator) and ask for Business Office and you'll be connected with your Service Representative.

If you prefer to transact business in person, we shall be glad to see you at the Business Office. Office hours are 8:00 A.M. to 5:00 P.M.—Monday through Saturday. (For location of your business office, see page 1.)

USE THIS DIRECTORY FIRST

Many calls to "Information" are unnecessary since they are for numbers which are listed in the directory. Every operator and all telephone facilities are needed to handle today's huge volume of calls.

So please don't ask our Information operators to look up numbers unless you are sure they are not listed in this directory. You can get your call through faster by referring to this directory and calling by number.

Your cooperation is appreciated.

TELEGRAMS BY TELEPHONE

You may telephone telegrams, cablegrams, or radiograms to the Western Union Telegraph Company.

By arrangement with the Western Union Telegraph Company, the charges for telegraph messages sent by telephone will appear on your monthly telephone bill. On messages telephoned from public coin box telephones, you will be requested to deposit the telegraph charges in the coin box.

YOUR TELEPHONE NUMBER

Occasionally, in the past, it has been necessary to change the telephone numbers of some of our subscribers. It may, likewise, be necessary to change some numbers in the future.

We're sorry we can't say to you, "We'll never have to change your telephone number." As a matter of fact, we don't like to change them and won't do it unless it is absolutely necessary.

FOR YOUR PROTECTION

Naturally, our customers want to take every precaution to prevent unauthorized persons from entering their homes or places of business.

For your protection, telephone employees who visit the public, carry identification cards with their names and photographs which they will gladly show you. If you have the slightest doubt about anyone who calls "from the Telephone Company," **ask to see his credentials.**

LOOKING AHEAD IN THE TELEPHONE BUSINESS

In the months and years ahead, the Bell System intends to go forward providing a service more and more free from imperfections, errors or delays, and at a low cost.

Here's a bird's-eye view of our long range program:

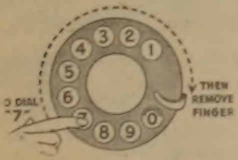
1. Obtaining and installing enough wires, cables, telephone instruments, and switchboards and other equipment in the telephone exchanges to catch up with the growing new demand for telephone service.
2. Hastening the day when we can provide normal reserves of dial and manual central office equipment, cable, wire, poles and telephone instruments—so that we may again meet customers' needs as they arise.
3. Replacing equipment installed on a temporary basis to meet the needs of war and reconversion, with new and better equipment.
4. Improving telephone equipment on customers' premises.
5. Bringing telephone service in all respects back to its pre-war quality and improving it still further.
6. Expanding the long distance network, including provision for television and the use of radio facilities. The Illinois Bell aims to have facilities ready for sending visual images of events to television transmitters wherever they may be located, when telecasters ask for them.
7. Providing more and better telephone service to farmers and others in thinly populated or rural areas.
8. Extending service in such fields as service to motor vehicles, ships at sea and on the rivers, overseas telephone service, etc.

How to Use Your Telephone

THREE SIMPLE RULES FOR DIAL CALLS (Gary Only):

1 **Look in the directory** if you're not sure of the number.

2 Hold the receiver to your ear (if Coin telephone, then deposit coin). You should hear the dial tone—a steady humming sound. This is your signal to start dialing. **Listen for it before dialing.**



3 Dial the four or five figures of the number as it appears in the directory. Pull the dial all the way around until your finger strikes the metal finger stop, then **remove** your finger and let the dial return by itself.

IF YOU NEED ASSISTANCE

Dial "0" (Operator) if you need assistance. But remember, it is faster to dial yourself.

If for any reason you cannot see the dial, feel for the opening just below the finger stop. Pull the dial all the way around, release it, and the operator will answer.

TO CALL ANOTHER PARTY ON YOUR LINE (DIAL SUBSCRIBERS-Gary Only)

To call another party on your line, it is necessary to dial a special code instead of the number listed in the telephone directory. In case you wish to know who else is on your line, this information may be secured by dialing 114, "Repair Service."

If you wish to call another party on your line, proceed as follows:

1 If you are a two-party subscriber, dial the code 1191. If your number begins with the figure 4, dial the code 11912.

2 If you are a four-party subscriber and do not know the code of the desired party dial 114, "Repair Service" and give your telephone number as well as the telephone number of the party desired on your line. You will be given the proper code number to dial. Make a memorandum of it for future use. Hang up your receiver for a few seconds, then remove it, and dial this code number.

3 As soon as you have dialed this code, hang up the receiver. Your telephone bell and that of the called party will then ring. When the other party answers, your bell will stop ringing. Then take your receiver off the hook and proceed with the conversation. If, however, your bell does not stop ringing after a reasonable period, you will know that the other party does not answer. Remove the receiver for a few seconds in order to stop the ringing. Then replace the receiver.

"PARTY LINE COURTESY" PAYS

Since telephone equipment is scarce many of our customers are using party-line service temporarily.

The best party-line service for all depends on courteous, co-operative use of the line by all.

You can do **your** part by following these suggestions:

- Hang up quietly if the line is in use.
- Hold your calls to a reasonable length so there's a chance for others to use the line, too.
- If it is necessary for you to make consecutive calls, wait a few minutes between each call.
- Teach the children considerate use of the telephone.
- Answer your telephone promptly.

THREE SIMPLE RULES FOR NON-DIAL CALLS:

1 **Look in the directory** if you're not sure of the number. If you do not find the number ask for "Information."

2 Listen for operator's "Number, please?"

3 Give number to operator. Always speak distinctly in an ordinary tone of voice directly into the mouthpiece.

LINE'S BUSY—THEY DON'T ANSWER

Within a few seconds after you finish dialing or giving your number to the operator you will hear:

The ringing signal—an interrupted "burring" sound. If, after a reasonable time, your party doesn't answer, hang up. When using a coin telephone, your coin will be returned.

The Busy Signal—a "buzz-buzz-buzz" sound. If you hear this signal, hang up before making another call. When using a coin telephone, your coin will be returned.

YOUR OPERATORS EXPLAIN OUT-OF-TOWN CALLS

CALLS TO NEARBY PLACES

"I'm your regular operator, and I can connect you with many of the nearby places. (See page 5.)

"If you don't know the number, please refer to the directory first. If you don't find it, ask for 'Information' or from a Dial telephone, dial 113.

"If the initial rate for your station-to-station call is 25 cents or less, five minutes are allowed without an overtime charge. If the initial rate is 30 cents or more, an overtime period starts after three minutes.

"Person-to-person and Collect calls to nearby towns are handled by a Long Distance operator."

"LONG DISTANCE"

"I'm your Long Distance operator, and your regular operator will connect you with me. From a Dial telephone, dial 110.

"My lines are carrying the greatest volume of calls in history. So when all lines are in use, some customers must wait. Here are a few suggestions for speedier long distance service—

"Give me the number of the party you are calling—if you know it.

"Make only necessary long distance calls.

"Keep calls as brief as possible."

STATION-TO-STATION ↖

When you want the operator to do nothing more than ring a telephone number, place your call "Station-to-station." Charges begin when anyone answers at the called telephone or private switchboard. Station-to-station rates are lower than Person-to-person rates.

For faster service, you are urged to place these long distance calls by telephone number whenever possible.

PERSON-TO-PERSON ↗

Make a "Person" call when you want a particular person, or a particular telephone or department reached through a private switchboard. Rates are higher than "Station" rates, but charges don't begin until the person or department you want answers.

If you call from one point to another in Illinois, a Report Charge is made if the person you want cannot be reached and you ask the operator to cancel the call.

COLLECT CALLS

If you place a call "Collect," and it is accepted on a "Collect" basis by the person you are calling, it is paid for by him instead of you. The charges are the same as on a regular Station-to-station call or Person-to-person call with one exception: There is a small additional charge on Station-to-station calls when the initial rate is 20 cents or less.

On calls within the State of Illinois: If the party you are calling doesn't accept the charges, a Report Charge applies—to be paid by you. No Report Charge is made, however, if you decide to pay for the call yourself.

REDUCED RATES

Between 6 P.M. and 4:30 A.M., and all day Sunday, reduced rates are in effect. They apply to "Station" calls if the initial period rate is more than 35 cents, and to "Person" calls if the rate is more than 50 cents.

OVERSEAS CALLS

You may talk by telephone to any one of more than 60 countries, territories and dominions throughout the world. Call "Long Distance" and place your call in the usual way.

SHIP-TO-SHORE CALLS

Certain ships in harbor or inland waters and on the Great Lakes or high seas may be reached by telephone. Ask Long Distance for the "Marine Operator."

PLEASE CHECK THIS LIST BEFORE MAKING CALLS TO NEARBY PLACES

Before making Station-to-station calls to nearby places, please check this list so that you will not call Long Distance unless your call is regularly handled by the Long Distance operator. Long Distance places are marked with an asterisk (*). To all places not marked with an asterisk, please place your call through your regular operator. By doing this, you will be freeing our Long Distance operators to handle the mounting volume of calls.

Rates shown are Station-to-station rates for the initial talking period. This period is five minutes, with the exception of Station-to-station rates of 30c or more—where the initial talking period is three minutes.

Speak Distinctly

When using the telephone speak distinctly, with lips not more than one inch from the mouthpiece. It is unnecessary to shout.

ILLINOIS BELL TELEPHONE COMPANY

For That Home-To-Be . . .

PLANNED TELEPHONE SERVICE!

Telephone service . . . like gas, water and electrical facilities . . . should be planned in advance. Telephone wiring can be as modern and inconspicuous as plumbing and electrical work if *provisions for it are made before your home is built.*

Concealed wiring through the use of rigid, flexible or thinwall conduit, enables you to have *built-in telephone outlets* . . . neat little plates which assure preferred telephone instrument locations and which will add much to the living comfort and convenience of your home-to-be.

Conduit placed in walls and floors by the contractor at the time of construction eliminates exposed wiring on baseboards and moldings and reduces the possibility of interruptions to your telephone service. Costs are nominal. Remember, the telephone company provides all needed wires and wiring work—you merely have the conduit installed.

Your telephone company will be glad to consult with you *without cost or obligation* and make recommendations for built-in conduit. Just call our business office and ask for "Architects' and Builders' Service."

ARCHITECTS, CONTRACTORS AND BUILDERS ARE INVITED TO CALL UPON US FOR ASSISTANCE IN PLANNING TELEPHONE FACILITIES.

about

GARY

Gary, named in honor of Judge Elbert H. Gary, is located in Lake County, Indiana on the southern shores of Lake Michigan. Here, in 1906, the United States Steel Company began the construction of a new steel works in the heart of the sand dunes which had lain barren for centuries. The triumph of man's engineering skill over the forces of nature in the city's march to metropolitan size has been celebrated in prose and poetry throughout America.

Situated in one of the wonder scenic regions of America, Gary has the largest steel, rail, tin and cement plants in the world, a world famous educational system, and boasts a public spirited citizenry that continues to beautify and improve this wonder city of the Twentieth Century.

Post Office Information

The Gary Post Office is located at 115 E. 6th Avenue and is open to the public on week days from 7:00 A.M. until 6:00 P.M. with the exception of the money order and postal savings section which closes at 5:00 P.M. Postal Savings, Money Order, and General Delivery sections close at 1:00 P.M. on Saturday. Parcel Post Window closes at 4:00 P.M. on Saturdays. Domestic Mail is divided into the following four classes of shipment:

First Class: Letters, etc., 3c for each ounce or fraction thereof. [illegible]

Second Class: [illegible]

Third Class: Articles weighing not more than eight ounces. Miscellaneous, 1½c for each two ounces up to eight ounces. Books, seeds, catalogs, etc., 1c for each two ounces or fraction thereof.

Fourth Class: Parcel Post. Third Class articles over eight ounces and all mailable matter not included in First or Second Class. Rates on Parcel Post vary with weight and mileage.

There are four conveniently located postal substations at the following addresses: 3879 Broadway, 19 W. 17th Avenue, 1041 Roosevelt St., 436 So. Lake St.

Public Library Information

The Gary Public Library, founded in 1908, is located at 220 W. 5th Avenue and is open on week days from 9:00 A.M. until 9:00 P.M. and on Sundays from 2:00 P.M. to 6:00 P.M. There are 244,673 volumes printed in twenty different languages and the annual circulation of these is more than 825,739. Branch libraries are as follows: Alcott Branch, 1651 Delaware St.; Bailey Branch, 1501 Madison St.; East Side Branch, 5th Av. at Georgia St.; Gary Works Branch, Administration Building, Gary Works; Glen Park Branch, 3953 Broadway; Miller Branch, 566 S. Lake St.; Roosevelt Branch, 25th Av. at Jackson St.; Tolleston Branch, 1125 Taft St. In addition, there are 9 township branches and 2 Book Trailers which serve the area surrounding Gary.

Civic Organizations

The Civic Organizations with their headquarters or meeting places are as follows:

Gary Chamber of Commerce, Hotel Gary.

Gary Junior Chamber of Commerce, Hotel Gary.

Kiwanis Club, Tuesdays, 12:15 P. M. Hotel Gary.

Lions Club, Wednesdays, 12:15 P.M. Hotel Gary.

Rotary Club (Gary), Thursdays, 12:15 P.M. Hotel Gary.

Rotary Club of Glen Park, Wednesday, at 12:15 P.M., Grace Methodist Church, Ridge Road & Adams St., Gary.

Optimist Club, 1st and 3rd Wednesdays, 6:45 P.M. Hotel Gary.

Altrusa Club of Gary, alternate Wednesdays, Chamber of Commerce Grill, 11:45 A.M.

Transportation

Gary's facilities for transportation by rail and water have been one of the important causes of its remarkable growth. The city is served by the Baltimore & Ohio, Chicago, South Shore & South Bend, Michigan Central, New York Central, Nickel Plate, Pennsylvania and Wabash railroads. There are, in addition to these, two belt lines serving the industrial district while numerous motor coach and interurban lines connect with points to the south, east and west. Excellent bus service is operated to all sections of the city by the Gary Railways Co.

Recreation

The sand dunes of the Calumet Region have long been the source of attraction to naturalists, geologists and pleasure seekers from many points. The new dunes' State Park, which is being improved by the State of Indiana, is located a few miles east of Gary.

The Gary Park System contains fourteen beautiful parks which offer recreation and diversion of all kinds. There is ample provision for golf, tennis, baseball, picnicking, swimming and boating, while numerous playgrounds offer carefully supervised recreation for children. Gary has several fine theatres of beautiful design.

Education

No single institution can offer a greater testimonial to Gary's civic growth than its unique educational system. The Gary Plan is designed to give the boys and girls of Gary a balanced program in work, study and play for as long a school day, week, and year as possible. Eight of Gary's school centers house kindergarten through high school. One of these houses a junior college; two centers provide activities in kindergarten through the eighth grade; and the remaining twelve provide an educational program for kindergarten and primary pupils. In many centers a program in religious education is provided by the city church school organization for the children whose parents wish them to have that training. There are, in addition, ten well equipped parochial schools.

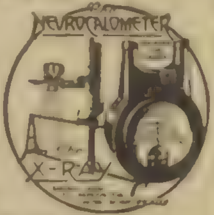
DR. WARREN S. HAMEL, D. C.
STRAIGHT HOLE-IN ONE
CHIROPRACTOR

Our aim is to render up-to-the-minute Scientific and Specific Chiropractic Health Service. The Neurocalometer and X Ray enables us to get the worse cases better in shorter time. The Neurocalometer shows us where to adjust, and when to adjust, and when not to adjust. We are interested in chronic problem, stubborn, and difficult cases.

The Advanced Hole-in-one Health Service Technique Is No Guesswork



THREE VITAL QUESTIONS

1st — Where is the *LOCATION?* The Neurocalometer *PROVES.*
2nd — *WHAT* is the *POSITION* of the subluxation? The X-Ray *PROVES.*
3rd — The adjustment corrects position and releases pressure. *HEALTH* is the result. [illegible] and [illegible] both are vitally essential. The Neurocalometer establishes *LOCATION.* The X-Ray establishes Position. *BOTH* are vitally essential. Neither one does the work of the other.

In answering the telephone, the English say "Are you there?" Some people say, "Hello." But in business organizations the correct answer is the name of the company or the department or the name of the individual who answers the telephone.

APPLICATIONS

Applications for original establishment of service must be made on the Telephone Company's standard application forms. Requests from subscribers for additional service, equipment, etc., may be made orally or in writing, and upon approval, or installation of the service, become a part of the original application. An applicant for service must pay all previous indebtedness to the Company for telephone service before service will be furnished.

ESTABLISHMENT OF CREDIT

In order to insure the payment of all charges due for its service, the Telephone Company may require any subscriber to establish his credit in a manner prescribed by the tariff.

OWNERSHIP AND USE OF THE EQUIPMENT

Equipment, instruments and lines on subscriber's premises, furnished by the Telephone Company, shall be and remain the property of the Telephone Company, whose agents and employees have the right to enter said premises at any reasonable hour for the purpose of installing, inspecting, or repairing the instruments and lines or for the purpose of making collections from coin boxes and, upon termination of the

TELEPHONE DIRECTORIES

Directories regularly furnished to subscribers are the property of the Telephone Company, are loaned to subscribers only as an aid to the use of the telephone service, and are to be returned to the Telephone Company upon request or when new directories are issued. The Telephone Company shall have the right to make a charge for directories issued in replacement of directories lost, destroyed, defaced, or mutilated while in possession of subscriber.

No liability arising from errors or omissions in the making up or printing of its directories shall attach to the company except in the case of charge listings, in connection with which its liability shall be limited to a refund at the monthly rate for each listing for the time an error or omission continues after reasonable notice in writing to the Company.

USE OF SERVICE

Subscriber telephone service is furnished only for use by the subscriber, his family, employees, or business associates, or persons residing in the subscriber's household, except as the use of the service may be extended to joint users or to per-
